Chapter 1

Please Take Them Back;by rebeca

I love your memories,

but please take them back,

the way you took my heart.

Each day they are growing so strong.

And i dont know if i can hold it for long.

Each day my love is increasing,

and my life is ceasing.

I miss you,

i dont know if you feel it too,

but i dont want to be like this.

So just take your memories back..

as i dont want to know what your love is.

Each second is so clear..

when we were together

i would loose you,was my only fear..

but still i imagined you with me forever.

And then you went,

and all i had was a broken heart,

which no one could mend.

Years have passed

but iam still standing there,

we once promised to be one where.

But i know nothing would change,

i gave my heart and got an unending pain in exchange.

So please take away your memories,

as i cant live like this.....

Chapter 2

Don't let me go_by rebeca

Don't let me go

My way is different from yours,

i know it sounds like a curse.

but i have to go,

and i say this with my head held low.

i am not looking at you

as i know there are tears in your eyes too.

my god knows the pain i am going through

my heart is turning cold and blue

but before going i want to give something to you,

all my shooting stars you take

and for me a wish you make

wish that i never go.

and time will freeze or atleast be slow

please just say it for once

please just say "don't go"

and i swear i won't.

just hold my hand and look into my eyes

and i swear i 'll nevr say a goodbye

just dont let me go,

coz even i don't,

want to be apart from you,

take me in your arms and just say,

that you love me too.

and i swear in your arms i'll live

and in them i'll die

Chapter 3

You never said,i never said-by rebeca

You never said,i never said

You went your way,

i went my way.

But still our hearts were not an inch away.

You did'nt call me,

i did'nt call you.

But still we both knew what the other one is going through.

You came back,

i came back.

Because without each other our lives were dead and black.

You didnt say anything,

i didnt say anything,

but we both could hear each others heart beat which was fastening.

Your eyes said the truth,

my eyes said the truth.

And we both knew that you love me and i love you too.

Chapter 4

How do you do it-by rebeca

How do you do it.

How do you do it,

you make me smile,

and at the same time

you bring tears in my eyes.

How do you do it?

You make me feel that i can't live without,

you even for a minute,

and when you don't come,for years,i wait.

How do you do it?

You look straight in my eyes and,

then you know what's going in,

my heart and my mind.

How do you do it?

You know me better then i know "me",

you notice things about me that i can't even see.

And sometimes it makes me afraid.

How do you do it?

It seems that

you have got a part

of my heart,

which talks to you

without even letting me know.

And i love you for it,though,

i still want to hear,

how do you do it dear.

Chapter 5

I love it- by rebeca

I Love it

I love it,

when you came in

as if i entered,

a new world of feeling.

I love it,

when we first talked,

as if my heart was being knock'ed.

I love it,

when i touched your hand for the first time.

To relive the moment,i can give the whole life of mine.

I love it,

when you went out of my world.

Coz now i know how much i am in love.

I hate it

when you were leaving,

my heart was weeping.

I hate it

that i did'nt have the courage,

to face you,

to look in your eyes,

i hate it

when you said goodbye.

With a smile.

I still love it,

being in love with you dear

what if i have not seen you since 6 year.

I love it.

Waiting for you.

I love it

waiting for my first and last love.

I love it,

i love you.

Chapter 6

I need you-by rebeca

I knew it always

and showed as if a don't care,

but i'll never say,

that i need you,

yeah i really need you.

You are not so romantic,

and sometimes you act cineamatic.

thats okay,

but you give me flowers and bukay.

I need you,yeah that's right,i need you.

You bring to my face a million smilies,

and you are there with me in all odd times.

You make me feel,

that all my problems you will heel.

I need you so very much,

i dont know how i said a thing like such.

But its true,

and i know you feel it too.

The day when i'll die,

i know i'll cry.

Not b'coz i am dying,

but b'coz i'll be going away from you.

But my soul and my heart will be there (after my death)with you.

Not for you,

not for anyone else,

but for myself.

And i know that you know it too,

how much! i need you.

Chapter 7

The three key's:by rebeca

hey everyone another random stuff.i know its very childish but...here it goes.so plz comment (and think of a title for it)

trust is where it all starts

without it

a relation is like night with no stars

friendship is the way

without walking on which

nothing for ever will stay.

love is the key

of the finall lock

this feeling makes you free

to feel the pain which is sweet and the happiness of heaven

and this will never stop.

by;rebeca

Chapter 8

You Still Live In Me;by rebeca.

No not yet

the end is yet to come

i know

that its all over for some

and yes it hurts me

as i am not so tough

the pain in my heart

the tears in my eyes

the emptyness of my breath

is not strong enough

no no noooooo

they cant weaken my love

oh no!

i wont believe that you are a star

as in that case you are too far

they say you can see me but i don't believe

as i know that you somewhere still live in me.

so i wont kill myself

as that would be taking your life

and then what in my soul will be left

so i wouldn't cry any more

i will live just the way i lived before.

And i'll try to be happy

as i know that even if i cant see

you still live in me.

by rebeca

****

hey everyone i wrote this because i really feel that if you try to kill yourself b'coz you lost someone very special and close to you, you are actually trying to take their life which is still alive in you maybe as your memories.i just read a few poems where in the end the person kills herself.....so thats why i wrote this poem..(i dont know if this makes any sense).so thats all.

Chapter 9

Let Me Forever Sleep; by Rebeca

Every time I look in your eyes

I can feel in my stomach so many butterflies

I can see the heaven right in front of me

I feel that the chains are broken

and to live again I am free.

Every time you say my name

I think that you feel the same

I feel I am all yours

and when I close my eyes

it is your image that my heart draws

Every time I see a dream at night

you are there in dark to show me your love's light

and when I open my eyes

I see you standing here

close to me bringing to my face so many precious smiles

Every time you say you love me

in your arms I start to melt

this is a feeling I never felt

before, so if this is a dream

let me forever sleep.

Chapter 10

When you.....

Dedicated to a crazy alien!

I was standing alone,

and fog sorrounds me.

I was just standing alone,

with some fake friends around me.

I tried to hide the pain,

but it reached my eyes time n again.

No one to wipe the tears,

no one to care.

But I didnt knew,

that beyond the fogs layer,

its you to hold me,

to catch my tears,

to be there with open arms when I need.

When my world seems to be darkening,

you rise your loves comforting sun.

The warmth that you give,

it just makes me live through it.

When you hold me in your arms,

I feel so safe, now no one can harm!

When you get worried for me,

I just feel I am so lucky.

When you get restless when I dont reply,

my silly eyes do a happy cry.

When you write me a poem each time,

you steal a bigger piece of this heart of mine.

When I talk to you,

my world of dreams seems so true.

When you call me pumpkin

you leave me blushing

When you say you love me,

you just make me so happy.

When I see tears in your eyes,

just bcoz mine are wet,

I get a mixed feeling!

How can you love me so much?

I am just thankful to the God you dont believe in,

that we met!

Chapter 11

A chained heart

Locked inside

sorrounded by a wall

of rules to abide

she thought she had control

that she could fight

all the feelings in her soul.

She does not have the permission

to feel the way she feels

to have any feelings for him.

It was all very clear to her

she had no problem with those rules.

She thought she was very practical.

But then things changed

and now its so hard

to keep her heart safe in its cage.

Each day she is falling deep

but she takes her steps back

when she realizes the reality

its so easy for him to say everything

wish he could understand

that she cant even tell what she feels for him.

Its hard for her to hide

but there is no other option with her

so she has to and she will fight

with the new feelings

and would stop her heart from loving him

She will chain her heart again

Chapter 12

I am here.

I know you are scared,

just know i am here.

Puzzled, you have a doubt.

You know i'll clear it,

no need to pout.

Which way to go?

Is something you don't know.

Trust me i'll guide you,

i am just a little slow.

This is not what you thought,

its something different,

from what you've always been taught.

A change, is not your thing,

but you can always do a swing.

I know its tough for you to decide,

but you know you have got me by your side.

You were always horrible with choices,

something that leaves you so confused.

But you know i'll help to choose.

So trust me, your heart, i'll help through it all,

I won't let you fall.

So don't be afraid,

as you know i am here.

Chapter 13

Last rays of sun; by rebeca

Hey everyone so here is another sad poem!!Lol!! I don't remember when I wrote this I just found this in the back of one of my notebook.(personally I don't like this poem of mine that much!!lol!!

Last rays of sun

Something's never change

forgetting someone sometimes is just out of range

the face never fades

each day brings back all the shades

like time has just stopped

but still she knows that

everything has been lost.

She thought things will change

but how everything just kept

coming with her was so strange

she can feel everyone moving

but its just she who is loosing

it is an ocean

of her own sorrow

but she dose not want to see another tomorrow

so now she is drowning

one last time she cries for help

but only silence takes a step

she is struggling to come up,

its suffocating in her lungs

but there is no way to turn

so she starts to fall in the deepness

with her eyes open

to see the last rays of sun

as she closes her eyes

and she finally finds her life's love

when she dies.....
